

When Grandpa Comes to Dinner

Surprise him with a spick-span new dinner suite.

Dinner furniture is getting back to the old simple substantial lines your grandfather learned to love.

It will put you all in a mental mood for the celebration of a real Thanksgiving.

Your Thanksgiving will begin with the economy of this beautiful furniture. The factory from which it is bought specializes on Period furniture, and by making great quantities reduces cost.

You get the benefit. Don't wait therefore with your old worn-out table. Begin the new year with Thanksgiving.

Are You Looking for a Rug?

Thanksgiving and holidays bring home the children and company for meals. You want to fix over the house a bit, so it will make an impression. You want to take the parlor rug which is beginning to wear and put it upstairs. Then put a new one on the parlor floor.

Of course, you've been undecided because of price, but that's especially why we're addressing this to you. To reduce our rug stock in time for holidays, we're making unusual reductions on twenty-five excellent rugs. Some of them have the finest color combinations we ever showed.

Two especially can hardly be distinguished from genuine orientals in the rich soft tones. You will do well to investigate this rug sale and make a big money saving.
